CONVERSATIONAL AEO PPC CAMPAIGN PLANNER

Rufus places sponsored listing ads directly in chat logs. Bidding on traditional keywords is expensive; bidding on long-tail conversational user intents gets you inside Rufus recommendations at a fraction of the cost.

Download Campaign CSV

INTENT CATEGORY	TARGET CONVERSATIONAL QUERY	DIFFICULTY	VOLUME	EST. CPC BID
Digestive Health	"organic health & household powder for bloating"	LOW	1,240	\$1.25
Daily Vitality	"daily USDA organic health & household powder"	MEDIUM	4,200	\$2.10
Dietary Purity	"gluten free vegan health & household drink"	LOW	850	\$0.95
Energy Support	"morning energy health & household powder drink"	MEDIUM	1,800	\$1.65

SETUP INSTRUCTIONS

Download the CSV, import it as a ****Manual targeting Exact match campaign**** in Amazon Ad Console, and assign the recommended bids. Ensure these phrases are also mentioned in your listing bullets.

WHY THIS WORKS

Because Rufus triggers recommendations based on conversational prompt logic, placing Exact Match bids on full questions captures Rufus's context parser, triggering your sponsored card first.

COSMO CO-PURCHASE & VIRTUAL BUNDLING BLUEPRINT
